

Distribution of Floating Refuse and Shoreline Refuse (April 2013 - March 2014) (by weight)

Department	Refuse Type	Percentage
Agriculture, Fisheries and Conservation Department (AFCD)	Shorelines Refuse	2.4%
Food and Environmental Hygiene Department (FEHD)	Shorelines Refuse	2.1%
Leisure and Cultural Services Department (LCSD)	Shorelines Refuse	22.3%
Marine Department (MD)	Floating Refuse	73.2%

"Floating refuse" refers to marine refuse collected by Marine Department in Hong Kong waters including foreshore areas and typhoon shelters. Domestic refuse collected from dwelling vessels inside typhoon shelters is excluded.

"Shoreline refuse" refers to marine refuse collected by government departments but excludes floating refuse collected by MD. Land refuse collected on the sandy area of gazetted beaches by LCSD is not defined as shoreline refuse.
